6) Other: ____.

1. Claims 1-2, 3-9, 15-20 remain for examination. Claim 21 is newly presented for examination.
2. The text of those sections of Title 35, US Code not included in this action can be found in a prior Office Action.
3. Claim 17 is rejected under 35 USC § 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
 - A. The scope of meaning of the following terms are unclear:
 1. "a branch of target instructions" claim 17; This rejection is maintained from the prior office action, paper number 13, mailed May 20, 2004.

Applicant argues on page 9 of the response, received November 16, 2006, to the paragraph beginning on line 19 of page 13 of the specification in support for this claim terminology. However, the quoted paragraph does not provide any indication as to what is meant by the claim term "a branch of target instructions". The presence of the word "of" connecting "branch" and "target instructions" is the cause of the problem. Nowhere in the cited paragraph is a definition provided for "a branch of target instructions" which is a phrase which has no understandable meaning within the processor art. Had the clause been written "a branch to target instructions" the clause would have made sense within the processor art, because a branch causes processor instruction flow to shift to a target instruction, the target of the branch. Had the clause in the claim been written "branch to target" it would also be supported by the paragraph applicant quotes from the specification, as that paragraph details that the system records the number of times the branch was executed, or the number of times the branch cause the processor to redirect to the target instruction. But it provides no definition for "branch of target".
4. Claims 1, 3, 8-9, and 15 are rejected under 35 USC 102(e) as being clearly anticipated by Babaian et al., U.S. Patent Application Publication US2002/0,092,002 A1.
5. Claims 2, 4-7, and 16-20 are rejected under 35 USC § 103 as being unpatentable over

Babaian et al., in view of Lethin et al., U.S. patent 6,463,582.

Babaian et al. and Lethin et al. were cited as a prior art reference in paper number 13, mailed May 10, 2004.

6. The rejections are respectfully maintained and incorporated by reference as set forth in the last office action, paper number 13, mailed May 10, 2004.

7. Applicant's arguments filed November 16, 2006, have been fully considered but they are not deemed to be persuasive.

8. In the remarks, applicant argues in substance:

A. That: "Applicants point out that the present invention as recited in independent Claims 1, 3, and 8 comprises a dynamic translation process ... The translation process is ongoing and on-the-fly. ... Applicants point out that this is complete different from the cited references, ... There appears to be no recitation regarding ongoing and on-the-fly translation"

This is not found persuasive because applicant's arguments link their "dynamic translation" process to the meaning "ongoing and on-the-fly" and therefore argue that the Babaian et al. reference does not perform "dynamic translation". Applicant's attention is directed to Babaian et al. figure 2, where elements 203 and 204 in the figure are named "Dynamic Binary Translation Process" and "Dynamic Analysis Process" respectively. This figure from Babaian et al. shows that Babaian et al. does indeed disclose a "dynamic translation" process as claims 1, 3 and 8 have been amended to state and therefore show that Babaian et al. continues to read upon the claim language as it presently stands.

9. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR § 1.136(a). The practice of automatically extending the shortened statutory period an additional month upon the filing of a timely first response to a final rejection has been discontinued by the Office. See 1021 TMOG 35.

A SHORTENED STATUTORY PERIOD FOR RESPONSE TO THIS FINAL ACTION IS SET TO EXPIRE THREE MONTHS FROM THE DATE OF THIS ACTION. IN THE EVENT A FIRST RESPONSE IS FILED WITHIN TWO MONTHS OF THE MAILING DATE OF THIS FINAL ACTION AND THE ADVISORY ACTION IS NOT MAILED UNTIL AFTER THE END OF THE THREE-MONTH SHORTENED STATUTORY PERIOD, THEN THE SHORTENED STATUTORY PERIOD WILL EXPIRE ON THE DATE THE ADVISORY ACTION IS MAILED, AND ANY EXTENSION FEE

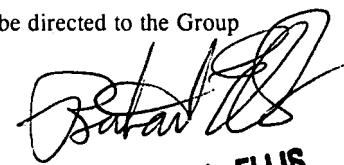

PURSUANT TO 37 CFR § 1.136(a) WILL BE CALCULATED FROM THE MAILING DATE OF THE ADVISORY ACTION. IN NO EVENT WILL THE STATUTORY PERIOD FOR RESPONSE EXPIRE LATER THAN SIX MONTHS FROM THE DATE OF THIS FINAL ACTION.
